

MISSOURI *MBU* BAPTIST UNIVERSITY **Athletic Training**

Visiting Team Athletic Trainers

On behalf of our Sports Medicine staff, we would like to take the opportunity to welcome you and your athletic team to Missouri Baptist University and St. Louis, Missouri. We look forward to an enjoyable and injury free contest.

The Athletic Training Room is located in Suite 200 in Muncy Gymnasium on the Missouri Baptist University campus. The Athletic Training Room will be open approximately two and a half hours before game time. There will be ice, hydrocollator, whirlpool, ultrasound, and electrical stimulation available for your use. Please notify the Missouri Baptist University athletic training staff if a certified athletic trainer will not be traveling with the team. If your team is not traveling with a certified athletic trainer, we ask that you send treatment instructions with the athletes and the necessary supplies that will be needed.

All soccer, lacrosse, and tennis games and matches take place off campus at various locations in the St. Louis area. These fields do not have an athletic training room available. If your athletes need heat or an electrical modality treatment prior the game, we suggest you use the athletic training room that is located on the MBU campus prior to arriving to the athletic field.

A Certified Athletic Trainer will be present on the Missouri Baptist University bench if assistance is needed during contests.

The following supplies will be present for you during the contest:

- Ten galloon cooler with ice and water
- Ice, ice bags, plastic wrap, and a scoop
- Cups
- Biohazard bag
- Splints and emergency equipment will be available on the home sideline, if needed.
